FOR IMMEDIATE RELEASE

**PROACTIVE COMMUNICATIONS INC. RECEIVES A SUBCONTRACT
TO PERFORM ON ARMY'S ITES-2S CONTRACT VEHICLE**

Killeen, TX – January 25, 2008 – Proactive Communications Inc. (PCI) announced today that it has received a subcontract from Science Applications International Corporation [NYSE: SAI] to perform on the U.S. Army's Information Technology Enterprise Solutions 2 Services Contract (ITES-2S). The ITES-2S contract is an indefinite-delivery/indefinite-quantity vehicle with a three-year base period of performance and a total of three, two-year options. SAIC is one of 16 companies to receive a prime contract award under the ITES-2S program, and the estimated, collective value of the entire program is \$20 billion.

As a subcontractor to SAIC, Proactive Communications Inc. will have the opportunity to provide the Army with IT services, business process reengineering, information systems security, information assurance, network support, systems operations and maintenance, program management, enterprise design, integration and consolidation, and education and training.

"ITES-2 offers PCI the opportunity to broaden our reach to the Army and solidify our position as the premier partner for any IT 'away game'," stated Marc LeGare, CEO of Proactive Communications.
